

ST. ANNE'S CHILDREN AND FAMILY CENTER

Cherishing Children, Embracing Families

St. Anne's Testimonial

Right around the time St. Anne's opened, we were looking for a new child care facility for our fifteen-month-old son, Finn. We saw the article in the *Spokesman-Review* about St. Anne's grand opening celebration and decided to set up an appointment to have a look. Sharon Meredith gave us a great tour of the facility and we were extremely impressed. We were particularly wowed by

the web camera, the large indoor play areas, the emphasis on security, the large windows and sunlight they let in, and the competitive tuition. Finn was wowed by the fish tank!

The whole building is obviously designed with kids and their sense of space in mind. Everything, from the gently sloping ramps to the built-in climbing structures and playground areas outside, is kid-friendly. And every member of the staff is completely parent-friendly! We feel so good about Finn spending the day with Shelley and Tamara. He learns so much, and always comes home with a detailed daily report and a new piece of artwork. Bill cooks great meals for the kids, and Kent keeps the place looking like brand new—not an easy task, for sure! We have also really enjoyed getting to know Sharon Meredith and the director, Lee Williams. They have always been helpful and supportive. They truly have an “open door” policy and are ready to assist parents in any way they can.

Finn is almost two years old now, and we are excited that we've found a place he can stay until he completes pre-school. His little brother will be joining the St. Anne's family in a few months, and we couldn't be happier that our little guys are in such good hands. Thanks, St. Anne's!

—Winfield, Molly and Finn Cline
